

Pro-Forma : AMCH Medical Assessment Report

S No.	Information of the medical college / institution Year of Inception : 2011 Government / private : Private	
1.	Name	Annapoorana Medical College & Hospitals
2.	Address with pin code	Sankari Main Road (NH-544) , Kombadipatty , Veerapandi Union , Salem - 636 308 , Tamil Nadu.
3.	University address with pin code	The Tamil Nadu Dr. M.G.R. Medical University, No. 69 , Anna Salai , Guindy , Chennai - 600032 , Tamilnadu.
4.	Official website	http://amchs.edu.in/
5.	Dean/ Principal/ Director	Prof.Dr.B. Usha, M.D.(Micro.) DEAN
6.	Mobile Number	9787745322
7.	Email ID of Dean	amc.vmu@gmail.com info@amch.in
8.	Hospital	Annapoorana Medical College & Hospitals
9.	Date and Year of Registration of the Hospital (DD/MM/YYYY)	29/11/2019
10.	Number of Beds	690 Beds
11.	Number of Beds for emergency	30 Beds
12.	Date of the First Letter of Permission(LoP) of MBBS (DD/MM/YYYY) & number of seats	MCI-No.34(41)/2011-Med./16449, Dated : 8/6/2011 150 Seats
13.	Status of Recognition	Recognised
14.	Number of MBBS and PG broad specialty and super specialty students admitted in this session*	MBBS : 150 students MD/MS : MD - Anatomy - 01 Student MD -Physiology - 01 Student MD - Biochemistry - Nil MD - Pharmacology - 01 Student MD -Microbiology - 02 Students DM/MCh: NA
15.	Inpatients registered and admitted (Previous month record)	Nov. 2023 : 2388 Nos.
16.	Outpatients registered (Previous month record)	Nov. 2023 : 38361 Nos.
17.	Number of Deaths reported to the Municipality/ village register (month-wise) (Previous month record)	Nov. 2023 : 5 Nos.

18.	Address and pin code of the Corporation / village where the Death records are reported	Rajapalayam Village, Kalparapatti Village, Veerapandi Block, Salem , Tamilnadu.
19.	Website link / email ID / hyperlink of the corporation in case Death Records are reported	amc.vmu@gmail.com
20.	Number of Births reported (Month-wise)	Nov. 2023 : 175 Nos.
21.	Address and pin code of the Corporation/village where the Birth records are reported	Rajapalayam Village, Kalparapatti Village, Veerapandi Block, Salem, Tamilnadu.
22.	Website link/ email ID/ hyperlink of the corporation in case Birth Records are reported	amc.vmu@gmail.com
23.	Number of Rooms in Men's Hostel and students accommodated	132 Rooms (56 x 2 & 76 x 3) 166 Students accommodated
24.	Total Number of Rooms in Women's Hostel and students accommodated	146 Rooms (146 x 3) 369 Students accommodated
25.	Name of the Grievance Redressal Officer (PIO & CPIO):	PIO - Prof.Dr.B. Usha, M.D.(Micro.) CPIO - Prof.Dr.G. Dhanasekar, M.D.(Com.Med)
26.	Address with Pin code	Annapoorana Medical College & Hospitals , Sankari Main Road (NH-544) , Kombadipatty , Veerapandi Union, Salem - 636 308 , Tamil Nadu.
27.	Telephone Number Email Id	0427-2203000 , 93612 83664 CPIO - Link No. 3888 PIO - Link No. 3222 amc.vmu@gmail.com
28.	Grievances reported (Previous month record)	Nov. 2023 : Nil

29. Details of Post- Graduation Courses offered:

Post- Graduate Course	Year of Commencement of the Course	Number of Students Currently pursuing the Course	Number of Students admitted in the current session
MD - Anatomy	2022 - 2023	1	1
MD -Physiology	2022 - 2023	1	1
MD - Biochemistry	2022 - 2023	0	0
MD - Pharmacology	2022 - 2023	1	1
MD -Microbiology	2022 - 2023	4	2

Department wise list of Faculty Members

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
Anatomy	Dr. Dr. Shanta Chandrasekaran MBBS., MD. TNMC-Reg No.62250	Professor and H.O.D	Regular	2017	Vinayaka Misison Kirupananda Variyar Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 38 Classes Phase I Professional MBBS 1.Introduction to cardiovascular system 2.Axilla and axillary artery 3.Histology of muscles 4.Oogenesis and menstrual cycle 5.Flexor and extensor retinaculum 6.Fascial spaces of hand 7.Hip joint 8.Arches of foot 9.Histology of skin 10.Intra embryonic Mesoderm & Intraembryonic coelom 11.Lesser & Greater sac 12.Spleen 13.Pancreas 14.Abdominal aorta, inferior vena cava 15.Twinning 16.Histology of liver,gallbladder and pancreas- part II 17.Male & Female urethra 18.Anal canal 19.Development of Female reproductive system - part II 20.Diaphragm 21.Lungs 22.Blood supply of heart 23.Histology of Female Reproductive System - Part II 24.Face
				2018	Annapoorana Medical College & Hospitals	
				2019	Annapoorana Medical College & Hospitals	

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2020	Annapoorana Medical College & Hospitals	25.Branchial apparatus-I 26.Parotid gland and otic ganglion 27.Histology of Spinal cord, Cerebellum & Cerebrum - Part II 28.Thyroid gland 29.Development of pituitary gland 30.Muscles of mastication 31.Soft palate 32.Lateral wall of nose 33.Eye ball
				2021	Annapoorana Medical College & Hospitals	34.Medulla oblongata 35.Basal ganglia & Limbic system 36.Development of Central Nervous System - Part I 37.Types of sulci in cerebrum 38.Numerical chromosomal aberrations
Anatomy	Dr. Sudha. R. MBBS., MS. TNMC-Reg No.66896	Professor Promoted as Associate Professor on 24/01/2017 Promoted as Professor on 1/03/2021	Regular	2017	Annapoorana Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 38 Classes Phase I Professional MBBS 1.Introduction to lymphatic system 2.Brachial plexus and its applied anatomy 3.Histology of Cartilage 4.Wrist joint 5.Fertilisation 6.Venous drainage and lymphatic drainage of upper limb 7.Hamstring muscles & Sciatic nerve
				2018	Annapoorana Medical College & Hospitals	8.Sole 9.Histology of salivary glands 10.Notochord 11.Peritoneal folds 12.Liver 13.Large intestine 14.Development of anterior abdominal wall and diaphragm

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2019	Annapoorana Medical College & Hospitals	15.Coeliac trunk, superior & inferior mesentric artery 16.Uterus - Part I 17.Histology of Urinary System - part I 18.Ischiorectal fossa 19.Development of Male reproductive system - part I 20.Sacral plexuses 21.Bronchopulmonary segment 22.Fibrous skeleton of heart
				2020	Annapoorana Medical College & Hospitals	23.Histology of trachea and lung 24.Deep cervical fascia 25.Branchial apparatus-II 26. Dural folds 27.Glossopharyngeal nerve 28.Mandibular nerve 29.Palatine tonsil and waldeyer's lymphatic ring 30.Middle Ear
				2021	Annapoorana Medical College & Hospitals	31.Atlantooccipital & atlantoaxial joints 32.Pons 33.Sulci, gyri, poles, & functional areas of cerebral hemisphere - Part I 34.White matter of cerebrum 35.Development of Central Nervous System - Part II 36.Introduction to genetics & karyotyping 37.Prenatal diagnosis 38.Mandible
Anatomy	Dr. Shwetha. B MBBS., MD. TNMC-Reg No. 143629	Assistant Professor	Regular	2017	Annapoorana Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 31 Classes Phase I Professional MBBS 1.Introduction to Histology and microscope 2.Introduction to bones 3.Skin and fasciae 4.Shoulder joint,Arm, Brachial artery & Cubital fossa 5.Ulnar nerve

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2018	Annapoorana Medical College & Hospitals	6.Histology of blood vessels 7.Femoral triangle,Femoral artery and 8.Femoral hernia 9.Primitive streak,Somites and intra-embryonic coelom 10.Knee joint 11.Inguinal canal 12.Stomach
				2019	Annapoorana Medical College & Hospitals	13.Histology of duodenum jejunum and ileum 14.Extra hepatic biliary apparatus-Part I 15.Trilaminar germ disc and its derivatives 16.Kidney 17.Major subgroups of back muscles in posterior abdominal wall 18.Development of Gastro intestinal system Part II 19.Fallopian tube, ovary
				2020	Annapoorana Medical College & Hospitals	20.Perineal Membrane 21.Histology of Male Reproductive System - Part I 22.Thoracic wall - Intercostal vessels & nerves 23.Development of pleura ,lung 24.Azygos veins 25.Histology of Tooth and tongue 26.Digastric & Submental triangle
				2021	Annapoorana Medical College & Hospitals	27.Histology of Liver ,Gall bladder & 28.Pancreas 29.Rectum 30.Development of Female reproductive System 31.Pleura

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
Anatomy	Dr. Sathiya. S MBBS., MD. TNMC-Reg No. 84109	Assistant Professor	Regular	2017	Annapoorana Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 38 Classes Phase I Professional MBBS 1.Introduction to Anatomy and Anatomical Terminology 2.Introduction to nervous system 3.Deltoid and serratus anterior, inter muscular spaces 4.Median nerve 5.Histology of bone 6.Cleavage, Blastocyst and Implantation 7.Deep fascia of lower limb,Venous drainage of lower limb 8.Popliteal fossa, Back of leg 9.Anterior abdominal wall and rectus sheath 10.Histology of Oesophagus and stomach 11.Peritoneal pouches 12.Neurulation 13.Portal vein 14.Appendix 15.Thoracolumbar fascia and lumbar plexus 16.Development of Gastro intestinal system 17.Uterus - Part II 18.Histology of Urinary System - part II 19.Perineal pouches 20.Development of Male reproductive system - part II 21.Thoracic wall & Intercostal muscle 22.Thoracic duct 23.Histology of Endocrine glands - pituitary gland, thyroid, parathyroid and suprarenal gland 24.Posterior triangle of neck
				2018	Annapoorana Medical College & Hospitals	
				2019	Annapoorana Medical College & Hospitals	

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2020	Annapoorana Medical College & Hospitals	25.Development of face 26.Dural venous sinus 27.Extra ocular muscles and ciliary ganglion 28.Submandibular gland & submandibular ganglion 29.Pharynx - part I 30.Larynx - part II 31.Cerebrospinal fluid and meninges 32.Midbrain 33.Sulci, gyri, poles, & functional areas of cerebral hemisphere - Part II
				2021	Annapoorana Medical College & Hospitals	34.Lateral ventricle of brain 35.Batson's Venous plexus 36.Structure and classification of chromosomes 37.Genetic Counselling 38.Development of Heart & its anomalies
Anatomy	Mr. Karthikeyan. A. M.Sc.	Assistant Professor & Promoted on 1/8/2021	Regular	2017	Annapoorana Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 40 Classes Phase I Professional MBBS 1.Introduction to joints - Part I&II 2.Epithelium 3.Introduction to Embryology 4.Introduction to pectoral region, muscles, claviopectoral fascia 5.Elbow joint, Front of forearm 6.Radial nerve 7.Extensor muscles of thigh & Adductor canal

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2018	Annapoorana Medical College & Hospitals	8. Medial compartment of thigh 9. Histology of lymphoid tissue 10. Anterior compartment of leg & Dorsum of foot 11. Somites 12. Male external genitalia - part I 13. Duodenum 14. Histology of large intestine and appendix 15. Ureter 16. Development of Placenta-part I
				2019	Annapoorana Medical College & Hospitals	17. Urinary bladder 18. Male internal genital organs 19. Rectum 20. Internal iliac artery 21. Development of Urinary system 22. Pelvic diaphragm 23. Histology of Male Reproductive System - Part II 24. Mediastinum 25. Pericardium
				2020	Annapoorana Medical College & Hospitals	26. Arch of aorta and descending thoracic aorta 27. Carotid triangle in detail 28. Histology of cornea and retina 29. Cavernous sinus in detail 30. Development of palate and thyroid gland 31. Facial nerve 32. Tongue 33. Pharynx - part II 34. Larynx I 35. Spinal cord - part I

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2021	Annapoorana Medical College & Hospitals	36.Cerebellum 37.Thalamus 38.Third ventricle of brain 39.Chromosomes and its modes of inheritance with pedigree charts 40.Norma basalis - Part I
Anatomy	Dr. Sathish Kumar. T M.Sc TNMC-Reg No.28088505	Tutor	Regular	2017	Annapoorana Medical College & Hospitals	Total No of Lecture Classes during Last One Year : 38 Classes Phase I Professional MBBS 1.Introduction to muscles 2.Histology of connective tissue 3.Mammary gland 4.Spermatogenesis 5.Back of forearm, Radioulnar joints 6.Superficial and deep palmar arches, Lumbricals and interossei of hand 7.Gluteal muscles and structures under cover of Gluteus maximus 8.Histology of nervous tissue 9.Tibiofibular joints & Ankle joint 10.Trilaminar germ disc and its derivatives, Connecting stalk and foldings of embryo 11.Male external genitalia - part II 12.Jejunum, Ileum 13.Extra hepatic biliary apparatus-Part II 14.Histology of liver,gallbladder and pancreas- part I
				2018	Annapoorana Medical College & Hospitals	

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular / permanent or contract / outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
				2019	Annapoorana Medical College & Hospitals	15.Development of Placenta-part II 16.Suprarenal gland 17.Midsagittal section of male and female pelvis 18.Development of Female reproductive system - part I 19.Pleura 20.Histology of Female Reproductive System - Part I 21.External features of heart and right atrium 22.Development of aortic arch arteries 23.Scalp
				2020	Annapoorana Medical College & Hospitals	24.Suboccipital triangle 25.Histology of Spinal cord, Cerebellum & Cerebrum- part I 26.Pituitary gland 27.Development of tongue 28.Temporomandibular joint 29.Hypoglossal nerve 30.Nasal septum 31.Tympanic membrane and auditory tube
				2021	Annapoorana Medical College & Hospitals	32.Spinal cord - part II 33.Fourth ventricle of brain 34.Hypothalamus 35.Blood supply of brain 36.Red nucleus 37.Structural chromosomal aberrations 38.Norma basalis-Part II

Publication
Annexure 1

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
Anatomy	Dr.Shanta Chandrasekaran	1. Shanta Chandrasekaran, DeeptiShastri.Bicondylar angle of femur in South Indian population – An Analytical study. National Journal of Basic Medical Sciences. 2011; 1(3): 124-128.	NO	1. This study was aimed at measuring the Bicondylar angle of femur in south Indian population and to find out the sexual dimorphism by comparing the Bicondylar angle of male and female femora.
		2. Shanta Chandrasekaran, ChandrasekaranVP.Anatomical Variations of the Internal Jugular Vein in Relation to Common Carotid Arteryin Lesser Supra Clavicular Fossa –A Colour Doppler Study. International Journal of Basic Medical Sciences.2011;1(5): 235-241.		2. To demonstrate the anatomic variations of internal jugular vein in relation to common carotid artery in cannulating position among a random healthy young volunteers with the use of colour Doppler scan.
		3. ShantaChandrasekaran, DeeptiShastri. A Study on Metopic Suture In Adult South Indian Skulls. International Journal of Basic Medical Sciences. 2011;1(7): 379-382.		This study attempts to identify the incidence of metopic suture and its variation in size shape in adult south Indian skulls.
		4. Shanta Chandrasekaran, Sashibha Barman. Ultrasonographic assessment of femoral vein diameter in femoral triangle. National Journal of Emergency Medicine. 2012;1(1): 30-34.		To Study the Ultrasonographic assessment of femoral vein diameter in femoral triangle.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		5. Vivek Patil R, Gokul Raj, ShantaChandrasekaran. Optic nerve sheath diameter of 5 mm is a sign of raised ICP. Will it be appropriate for Indians? National Journal of Emergency Medicine. 2013;2(3): 49-52.		To determine the Optic nerve sheath diameter in the normal Indian population.
		6. Shanta Chandrasekaran, Sudha R. Sexual Dimorphism of bicondylar width of femora in South Indian population. International Journal of Current Research and Review. 2013; 5(8):2196-2231.		Aim of the study was to assess the values of bicondylar width of femora and to evaluate the sexual dimorphism.
		7. Shanta Chandrasekaran, Shanthi K C. A study on the Nutrient foramina of Adult Humerii. Journal of Clinical and Diagnostic Research. 2013;7(6): 975-977.		The study was aimed at analyzing the nutrient foramen in dry adult humerii with regards to the number size and the location of the nutrient foramina with respect to the surfaces and zones and its distance from the mid point of the humerus.
		8. Kavitha S,ShantaChandrasekaran. Morphometric study of occipital condyles in adult human skulls. International Journal of Current Research and Review.2013;5(15):31-34.		This study aims to document the dimensions of occipital condyles and its variations.
		9. Hariharasudhan C,ShantaChandrasekaran. Relationship of femoral vein to femoral artery in femoral triangle in cannulating position – An ultrasound study. National Journal of Emergency Medicine.2013; 2(2): 49-52.		To study the relationship of femoral vein and femoral artery in the femoral triangle with the patient in the cannulating position. Using bedside ultrasonography to identify safe location for femoral vein cannulation.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		10. Sathvika T, DeeptiShastri, ShantaChandrasekaran. Morphometric analysis offoramen magnum with computer aided digital image. National Journal of Basic Medical Sciences. 2013;4(2):		The aim of the present study was to do morphometric analysis of foramen magnum using a computer software “image stool”
		11. SathvikaT,Shanta Chandrasekaran,Deepti Shastri. Dermatoglyphics related to intelligent quotient level of medical undergraduate students. International Journal of Current Research. 2016; 8(8):37304-37306.		Our aim is to analyse and associate Dermatoglyphics to intelligent quotient level of <u>medical undergraduate.</u>
		12. R. Sudha, Shanta Chandrasekaran, N. Aruna. Study of morphological variation in the shape of coronoid process of mandible in south indian populaiton, Issue 10, Volume 5.		To determine the shape of Coronoid process of mandible in south Indian population.
Anatomy	Dr. Sudha. R.	1. Sudha R, Sivakumar V,Christilda Felicia Jebakani. Study Of Shape of Placenta and Its Relation to Placental Weight in Normal and Complicated Pregnancies. National Journal of Basic Medical Sciences. 2012;02(4): 307- 311.	NO	To Study the Shape of Placenta and Its Relation to Placental Weight in Normal and Complicated Pregnancies
		2.Shanta Chandrasekaran, Sudha R. Sexual Dimorphism of bicondylar width of femora in South Indian population.International Journal of Current Research and Review. 2013;5(8):2196-2231.		Aim of the study was to assess the values of bicondylar width of femora and to evaluate the sexual dimorphism.
		3.Sudha R, Sridevi C, Ezhilarasi M. Anatomical Variations in The Formation of Pterion andAsterionin South Indian Population. International Journal of Current Research and Review.2013;05(09): 92-101.		Aim:To analyse the anatomical variations in the formation of pterion and asterion in south indian population
		4.Sudha R, Shanta Chandrasekaran,Aruna N.Study of Morphological Variations in The Shape of Coronoid Process of Mandible in South Indian Population. International Journal of Current Research and Review.2013;05(10): 84 – 92.		To determine the shape of the coronoid process of the mandible in south indian population

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		5.Sudha R. Study of Clavicle: Length and Curvatures in South Indian Population. National Journal of Clinical Anatomy.2014;3(4): 198- 202.		The aim of the present study was to observe variations of length and medial and lateral angles of curvatures of the clavicle in a sample of South Indian population.
		6.Sasikala P,Sudha R.Study of Accessory Renal Artery in Cadavers and Computed Angiography. National Journal of Basic Medical Sciences.2017;(3):133-138.		The present study was focused to know the origin, course and termination of accessory renal artery in Cadavers and in patients who underwent CT angiography for donor nephrectomy.
		7.Sudha R, Sasikala P. The Third Osseus Ambiguous Tubercle – A Study in Indian Population. National Journal of Clinical Anatomy.2018;7(1): 41-46.		To determine the presence of third osseus gastrocnemius tubercle in indian population

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		8.Sathiya S,Sudha R,Udhaya K, Karthikeyan A. Morphological study of mastoid process to determine sex using its dimensions. Applied Physiology and Anatomy Digest. 2020;3(5):5 -12.		To determine the sex using the mastoid dimensions. 1. To determine the morphometry of mastoid process (Mastoid length, breadth) in male and female skulls. 2. To categories the mastoid process into three types – M (Male), N (Neutral) and F (Female) type. 3. To determine the percentage distribution of mastoid types in male and female skulls. 4. To analyze any significant difference between the male and female mastoid parameters
Anatomy	Dr. Shwetha. B	1.Sowmya, Priya, Meenakshi, Shwetha B.Study Of Trophoblast and Histological Changes of Fallopian Tube in Tubal Pregnancy and Anatomical Considerations for Its Early Rupture. International Journal of Anatomy and Physiology. 2021;3(1):500-512	NO	To Study the trophoblast and histological changes of fallopian tube in tubal pregnancy.
		2.Shwetha B,Pushpa. Study Of Variations in The Course and Level of Termination of Common Peroneal Nerve and Its Clinical Implications-A Cadaveric Study. National Journal of Basic Medical Sciences.		To study the course and level of termination of Common Peroneal Nerve into Superficial
		3.Shwetha B, Pushpa MS,et al. Study of the variations in the terminal branching pattern of sciatic nerve and its relation with piriformis muscle. National Journal of Basic Medical Sciences. 2021;11(4);219-224		To Study of the variations in the level of termination of Sciatic nerve.
Anatomy	Dr. Sathiya. S	1.Perumal A,Sathiya S. Ossified Transverse Acetabular Ligament – an Osteological Study. International Journal of Current Research and Review. 2014;6 (8):37-47	NO	To study the incidence of ossification of transverse acetabular ligament and its clinical implications.
		2.Sathiya S,Udhaya K.Morphological Study of Greater Palatine Foramen In Adult Human Skull Bones. National Journal of Basic Medical Sciences. 2017;7(3):139-144.		To determine the morphometry of GPF and its variations if any.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		3.Sathiya S,Sudha R,Udhaya K, Karthikeyan A. Morphological study of mastoid process to determine sex using its dimensions. Applied Physiology and Anatomy Digest. 2020;3(5):5 -12.		<p>To determine the sex using the mastoid dimensions.</p> <ol style="list-style-type: none"> 1. To determine the morphometry of mastoid process (Mastoid length, breadth) in male and female skulls. 2. To categories the mastoid process into three types – M (Male), N (Neutral) and F (Female) type. 3. To determine the percentage distribution of mastoid types in male and female skulls. 4. To analyze any significant difference between the male and female mastoid parameters
Anatomy	Mr. Karthikeyan. A.	1.Vijaya Kumari N, Karthikeyan A. Estimation of Stature from Length of Thumb in Salem Population. Indian Journal of Forensic Medicine and Pathology. 2019;12(2):142-146.	NO	To find of the thumb and the stature of the person.To identify the degree of its reliability for estimating the stature of a person.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		2.Sathiya S,Sudha R,Udhaya K, Karthikeyan A. Morphological study of mastoid process to determine sex using its dimensions. Applied Physiology and Anatomy Digest. 2020;3(5):5 -12.		<p>To determine the sex using the mastoid dimensions.</p> <ol style="list-style-type: none"> 1. To determine the morphometry of mastoid process (Mastoid length, breadth) in male and female skulls. 2. To categories the mastoid process into three types – M (Male), N (Neutral) and F (Female) type. 3. To determine the percentage distribution of mastoid types in male and female skulls. 4. To analyze any significant difference between the male and female mastoid parameters

**Publication
Annexure 1**

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
Physiology	Dr. R. Babitha	1. Babitha R. Pulmonary Function Tests in Air Conditioner Users: Journal of Clinical and Diagnostic Research. 2011; 5(3): 532-535.	NO	This study proves that airconditioner usage affects lung functions.
		2. Babitha R. Effect of air conditioner environment on pulmonary function tests in female employees: National Journal of Basic Medical Sciences. 2011; 2(2): 130-32.	NO	This study proves that airconditioner usage affects lung functions in female employees.
		3. Babitha R. Correlation between systolic blood pressure and CFF: National journal of Physiology.2013;1 (1): 11-14.	NO	Blood pressure influence the microvasculaure is substantiated by this study results stating increase in blood pressure will affect the critical flicker fusion (CFF) which is a indicator of retinal microvasculature
		4. Babitha R. Role of Speech associated gestures of the teacher in Medical education- a comparative study: National Journal of Clinical Anatomy. 2013: 2(3): 150-57.	NO	Gestures do have a definitive role in improving learning in medical students.
		5. Babitha R. Anisocytosis in peripheral smear as a tool for screening Dyslipidemia in the community: Indian Journal of Basic and Applied Medical Research. 2016; 5(2):330-337.	NO	This study proved that anisocytosis can be used as screening tool for dyslipidemia in the community.
		6. Babitha R. Impact of waist circumference on red blood cells size in obese adults: International Journal of Research in Medical Sciences.2016; 4(8): 3449-3454.	NO	This study concluded that waist circumference is positively correlated with anisocytosis.
		7. Babitha R. Anisocytosis in hyperglycemic patients - why is it important? : International Journal of Physiology.2017; 5(2): 52-57.	NO	This study concluded that hyperglycemia causes anisocytosis which leads to CAD.
		8. Babitha R. Comparison of Anisocytosis between Active and Passive Smokers: Journal of Medical Science and Clinical Research. 2018; 6 (12): 259 - 262.	NO	This study concluded that smoking causes anisocytosis which leads to CAD.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		9. Babitha R. The SemmesWeinstein monofilament examination as a single effective screening tool in diagnosing diabetic peripheral neuropathy when compared to vibration perception threshold: National Journal of Physiology Pharmacy and Pharmacology.2020; 10(05):419-422.		This study found that SemmesWeinstein monofilament examination can be used as a single effective screening tool in diagnosing diabetic peripheral neuropathy
		10. Babitha R. Diagnostic efficiency of vibratip in detecting diabetic peripheral neuropathy: MedPulse International Journal of Physiology. 2020; 13(3): 33 - 36.	NO	The incidence and prevalence of type 2 diabetes mellitus is increasing worldwide, due to the sedentary lifestyle pattern, unhealthy food habits and stressful life. The complications of diabetes are also increasing in par with the incidence and prevalence. Various complications incurred by diabetics are confined to vascular system and nervous system. Sensory neuropathy leads to repeated tissue injury, which may lead to foot ulcer and amputation. To decrease the morbidity rate, early detection of sensory neuropathy is essential. The aim of this study is to find the diagnostic efficiency of vibratip in detecting diabetic peripheral neuropathy
Physiology	Dr. R. Niruba	1. Niruba R. Glycosylated Hemoglobin Verses reaction time in diabetics - A cross sectional study: National Journal of Basic Medical Sciences.2011; 1(4):198-201.	NO	Focussing on diabetes a worldwide epidemic, we used visual and auditory reaction time as a tool to detect neuropathy a common complication of diabetes in earlier stages so that we could prevent further damage to nerves.
		2. Niruba R. Assessment of Auditory and Visual reaction time 2 diabetics-A case control study: Al Ameen journal of Medical science. 2011; 4(3):274-279.	NO	Focussing on diabetes a worldwide epidemic, we used visual and auditory reaction time as a tool to detect neuropathy a common complication of diabetes in earlier stages so that we could prevent further damage to nerves.
		3. Niruba R. Correlation between serum triacylglycerol and liver enzymes (SGOT, SGPT): Biomedicine. 2011; 31(3):360-363.	NO	Higher levels of triglycerol will influence the health of the individual by increase in SGOT and SGPT levels indicator of fatty liver as it damages hepatic cells and release liver enzymes into the serum.
		4. Niruba R. Correlation between systolic blood pressure and CFF: National journal of Pysiology.2013;1 (1): 11-14.	NO	Blood pressure influence the microvasculature is substantiated by this study results stating increase in blood pressure will affect the critical flicker fusion (CFF) which is a indicator of retinal microvasculature

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		5. Niruba R. Assessment of Arterial stiffness among middle aged offspring of Diabetic parents: International Journal of Current Research Review. 2014; 6 (24): 31-34.	NO	Genetic susceptibility appears to play an important role in the occurrence of Type 2 Diabetes with high prevalence among first degree relatives .Subjects with type 2 diabetes have 2-3 fold increased risk of cardiovascular disease compared with normal population.
		6. Niruba R. Correlation between BMI and arterial stiffness in middle aged subjects: International Journal of Current Research Review. 2016; 8(6): 14-17.	NO	World wide prevalence of obesity has reached a pandemic proportion. Obesity and Arterial wall stiffness are independent predictors of cardiovascular diseases We aimed to investigate how BMI affects arterial stiffness. Noninvasive method of measuring arterial stiffness can be applied to assess the elasticity of the vessel wall and reduce the cardiovascular morbidity. Study Design: Cross sectional observational study
		7. Niruba R. Correlation between BMI and arterial stiffness among middle aged off springs of diabetic parents: International Journal of Physiology. 2017; 5(2): 33-36.	NO	BMI and Arterial stiffness plays a key role in cardiovascular disease .Genetic susceptibility appears to play an important role in the occurrence of Type 2 Diabetes with high prevalence among first degree relatives .More than genetic susceptibility BMI also plays key role.
		8. Niruba R. (2017). Correlation between CFF and HbA _{1c} among type 2 diabetic subjects: Indian journal of clinical anatomy and physiology, 4 (2), 190-191.	NO	Diabetes has become a worldwide epidemic and need to reduce the morbidity due to this disease has become the need of hour. India ranks first in diabetic population and diabetic retinopathy affects third of all diabetic patients and its prevalence increases with the duration of diabetes both in urban and rural areas. (1,2
		9. Niruba R. Assessment of regional body fat and body mass index with glycemic status in the middle aged offspring of type 2 diabetic parents - A cross sectional study : National journal of Physiology Pharmacy and Pharmacology. 2018; 8 (9): 1326 -1329.	NO	Genetic predisposition is a key factor in developing insulin resistance in prone individuals. Sedentary lifestyle, lack of regular physical exercise, excessive intake of junk foods, and stress are proved to be important factor in the development of obesity. Assessing occurrence of insulin resistance earlier, an important component of metabolic syndrome can prevent the morbidity in the subjects.

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		10. Niruba R. Correlation between PEFr and regional body fat in the middle aged male subjects – A cross sectional study: Indian Journal Of Clinical Anatomy And Physiology. 2019; 6(3):287-290.	NO	Obesity and its related pulmonary morbidities have become global epidemic. Association between altered pulmonary functions and its relation with distribution of fat percentage in the body is analysed in our study. Studies show increase in percentage of body fat and central pattern of fat distribution may affect the pulmonary function tests by altering lung compliance, work of breathing and the elastic recoil.
		11. Niruba.R. Diagnostic efficiency of vibratip in detecting diabetic peripheral neuropathy: MedPulse International Journal of Physiology. 2020; 13(3): 33 - 36.	NO	The incidence and prevalence of type 2 diabetes mellitus is increasing worldwide, due to the sedentary lifestyle pattern, unhealthy food habits and stressful life. The complications of diabetes are also increasing in par with the incidence and prevalence. Various complications incurred by diabetics are confined to vascular system and nervous system. Sensory neuropathy leads to repeated tissue injury, which may lead to foot ulcer and amputation. To decrease the morbidity rate, early detection of sensory neuropathy is essential. The aim of this study is to find the diagnostic efficiency of vibratip in detecting diabetic peripheral neuropathy
		1. Bharathi C. Diagnostic value of vibration perception threshold in diabetic peripheral Neuropathy: International journal: International Journal of Physiology. 2018; 6(3):84-88.	NO	The importance of early diagnosis even before the onset of symptoms of diabetic peripheral neuropathy is need of hour since prevalence of uncontrolled diabetes mellitus is very high to improve their quality of life
		2. Bharathi C. Assessment of regional body fat and body mass index with glycemic status in the middle aged offspring of type 2 diabetic parents - A cross sectional study : National journal of Physiology Pharmacy and Pharmacology. 2018; 8 (9): 1326 -1329.	NO	Genetic predisposition is a key factor in developing insulin resistance in prone individuals. Sedentary lifestyle, lack of regular physical exercise, excessive intake of junk foods, and stress are proved to be important factor in the development of obesity. Assessing occurrence of insulin resistance earlier, an important component of metabolic syndrome can prevent the morbidity in the subjects.
		3. Bharathi C. Correlation between PEFr and regional body fat in the middle aged male subjects – A cross sectional study: Indian Journal Of Clinical Anatomy And Physiology. 2019; 6(3):287-290	NO	Obesity and its related pulmonary morbidities have become global epidemic. Association between altered pulmonary functions and its relation with distribution of fat percentage in the body is analysed in our study. Studies show increase in percentage of body fat and central pattern of fat distribution may affect the pulmonary function tests by altering lung compliance, work of breathing and the elastic recoil.

Physiology	Dr. T. Hemamalini	1. Hemamalini T. Long Latency Response (LLR) of Abductor Pollicis Brevis (APB) in the dominant and Non Dominant Hand of Healthy Adult Males: International Journal of Physiology.2015;3(1) : 4-6.	NO	LLR operats via cerebral cortex to give automatic motors response. LLR is a true long loop reflex. Apart from routine nerve conduction study, LLRs give additional information about neurological condition of a patient.
		2. Hemamalini T. Determination of H reflex in hand Muscles of Healthy Male Volunteers in Pondicherry – A Cross ectional study: Paripex- Indian Journal of Research.2016; 5(8):56-58	NO	Nerve conduction study were used in diagnosis of disorder of peripheral nervous system H reflex extensively studied reflex in literature on human and mammalian neurophysiology. H reflex is used to assess nerve conduction in the proximal segment of the nerves.

				Year	College worked	
						29 OPIOID ANALGESICS AND ANTAGONISTS-1
						30 DESCRIBE DRUGS OF ABUSE
						31 OPIOID ANALGESICS AND ANTAGONISTS
						32 SKELETAL MUSCLE RELAXANTS
				2019	Annapoorana Medical College and Hospitals	33 LOCAL ANAESTHETICS
						34 DRUGS AFFECTING RENIN-ANGIOTENSIN & ALDOSTERONE SYSTEM-1
						35 DRUGS AFFECTING RENIN-ANGIOTENSIN & ALDOSTERONE SYSTEM-2
						36 DIURETICS
						37 DRUGS FOR BRONCHIAL ASTHMA & COPD-1
						38 DRUGS FOR BRONCHIAL ASTHMA & COPD-2
						39 COMMUNICATE WITH THE PATIENT WITH EMPATHY AND ETHICS ON ALL ASPECTS OF DRUG USE
						40 MACROLIDES
						41 COMMUNICATE WITH THE PATIENT REGARDING OPTIMAL USE
						42 ANTIMALARIAL DRUGS
						43 DRUGS FOR PEPTIC ULCER AND GASTROESOPHAGEAL REFLUX DISEASE-1
						44 DRUGS FOR PEPTIC ULCER AND GASTROESOPHAGEAL REFLUX DISEASE-2
						45 CORTICOSTEROIDS-1
				2020	Annapoorana Medical College and Hospitals	46 CORTICOSTEROIDS-2
						47 DRUGS USED IN SHOCK
						48 GOOD CLINICAL PRACTICE
						49 DEMONSTRATE AN UNDERSTANDING OF THE LEGAL AND ETHICAL ASPECTS OF PRESCRIBING DRUGS
						50 DESCRIBE THE EFFECTS OF ACUTE AND CHRONIC ETHANOL INTAKE
						51 PREPARE A LIST OF ESSENTIAL MEDICINES FOR A HEALTHCARE FACILITY
						52 DESCRIBE HEAVY METAL POISONING AND CHELATING AGENTS
						53 CHOLINERGIC DRUGS AND ANTI CHOLINERGIC DRUGS
						54 ADRENERGIC DRUGS AND ANTIADRENERGIC DRUGS
						55 THERAPEUTICS

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular/ permanent or contract /outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
						56 ANTIMALARIAL DRUGS
						57 PRESCRIPTION WRITING AND AUDIT
						58 PERFORM AND INTERPRET A CRITICAL APPRAISAL (AUDIT) OF A GIVEN PRESCRIPTION
						59 DEMONSTRATE THE EFFECTS OF DRUGS ON BLOOD PRESSURE (VASOPRESSOR AND VASO-DEPRESSORS WITH APPROPRIATE BLOCKERS) USING COMPUTERAIDED LEARNING - 1
						60 DEMONSTRATE THE EFFECTS OF DRUGS ON BLOOD PRESSURE (VASOPRESSOR AND VASO-DEPRESSORS WITH APPROPRIATE BLOCKERS) USING COMPUTERAIDED LEARNING - 2
						61 ANTIMICROBIALS:PRESCRIPTION WRITING-1
				2021	Annapoorana Medical College and Hospitals	62 ANTIMICROBIALS:PRESCRIPTION AUDIT-2
						63 ANTIMICROBIALS: CASE BASED LEARNING-2
						64 ADMINISTER DRUGS THROUGH VARIOUS ROUTES IN A SIMULATEDENVIRONMENT USING MANNEQUINS-IV, INTRAVENOUS DRIP - 1
						65 ADMINISTER DRUGS THROUGH VARIOUS ROUTES IN A SIMULATEDENVIRONMENT USING MANNEQUINS-IV, INTRAVENOUS DRIP -2
						66 ADMINISTER DRUGS THROUGH VARIOUS ROUTES IN A SIMULATEDENVIRONMENT USING MANNEQUINS-IM, SC - 1
						67 ADMINISTER DRUGS THROUGH VARIOUS ROUTES IN A SIMULATEDENVIRONMENT USING MANNEQUINS-IM, SC - 2
						68 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-INHALER, METERED DOSE INHALER, NEBULIZER - 1
						69 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-INHALER, METERED DOSE INHALER, NEBULIZER - 2
						70 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-EYE /EAR DROPS - 1

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment Regular/ permanent or contract /outsourced	Details of Service in the Last 5 years		Number of lectures taken/year Topics covered
				Year	College worked	
						71 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS- EYE /EAR DROPS - 2
						72 ASSESSMENT OF SKILLS I
						73 ASSESSMENT OF SKILLS II
						74 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-INHALER, METERED DOSE INHALER, NEBULIZER - 1
						75 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-INHALER, METERED DOSE INHALER, NEBULIZER -2
						76 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS-EYE /EAR DROPS - 1
						77 DEMONSTRATE THE UNDERSTANDING OF THE USE OF VARIOUS DOSAGE FORMS- EYE /EAR DROPS - 2
Pharmacology	Dr. Pradeep Kumar. B.T. MBBS., MD. TNMC-Reg No. 143628	Associate Professor 01-09-2020	Permanent	2017	Annapoorana Medical College and Hospitals	1 DRUGS AFFECTING RAAS-I
						2 DRUGS AFFECTING RAAS-I
						3 TUTORIALS
						4 ANTIANGINAL AND OTHER ANTI-ISCHAEMIC DRUGS - I
						5 ANTIANGINAL AND OTHER ANTI-ISCHAEMIC DRUGS - II
						6 TUTORIALS
						7 ANTIANGINAL AND OTHER ANTI-ISCHAEMIC DRUGS - I
						8 ANTIANGINAL AND OTHER ANTI-ISCHAEMIC DRUGS - II
						9 TUTORIALS
						10 HAEMATINICS AND ERYTHROPOIETIN
						11 REVISION - BLOOD
						12 ANTIPARKINSONISM DRUGS
						13 ANTIPSYCHOTICS/ANTIMANIC DRUGS
						14 TUTORIALS
						15 LOCAL ANAESTHESIA
						16 INTRODUCTION TO PHARMACOLOGY
						17 NONSTEROIDAL ANTIINFLAMMATORY DRUGS AND ANTIPYRETIC-ANALGESICS - 1

Annexure 1

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
Pathology	Dr. Selvanayaki. K.M.	1. Dr.K.M.Selvanayaki, Dr.V.Archana, A Comparative study of Pap smear cytology and histopathology of cervix biopsy, Tropical journal of Pathology and Microbiology, Mar – 2020, 6(3), 230-237.	NO	To evaluate women for precancerous and cancerous lesions using PAP smear test and correlate the cytological findings with
		2. Dr.K.M.Selvanayaki, Morphological spectrum of lesions of upper gastrointestinal tract – A study of endoscopic biopsies, Medpulse International Journal of Pathology, Feb-2020, Vol 13 (2), 103-106.	NO	To determine the spectrum of oesophageal, gastric and duodenal (upto II part) lesions by endoscopic biopsy, make definite histopathological diagnosis of various neoplastic and non-neoplastic upper GI tract lesions and to know the incidence of lesions with reference to age and sex and find out the correlation between endoscopic and histopathological diagnosis.
		3. Dr.K.M.Selvanayaki, Dr. R.Palanisamy, Study of invasive and noninvasive methods to detect H.pylori infection, MedPulse – International Medical Journal, December 2015, Vol 2(12), 935-938	NO	To Study of Invasive and Non-Invasive Methods to Detect H Pylori Infection.
		4. Dr.K.M.Selvanayaki, Dr. R.Palanisamy, Study of prevalence of H. pylori among dyspeptic patients, International Journal of Recent Trends in Science And Technology, 2016, Vol17(3), 258-261	NO	To study the Prevalence of H Pylori in various age groups

Department	Faculty Name	Publication in Vancouver referencing Style.	Pubmed indexed Yes/ No	Scopes
		5. Dr. R.Palanisamy, Dr.K.M.Selvanayaki, A study of various hematological parameters in patients with non-hematological malignancies with reference to age and sex. Medpulse - International medical journal April 2016; 3(4): 414-417.	NO	To study the incidence and pattern of anaemia in cancer patients in hospital and create a database so that timely intervention by the
		6. Dr. R.Palanisamy, Dr.K.M.Selvanayaki, A study of incidence and pattern of anaemia in patients with non-haematological malignancies. International Journal of Recent Trends in Science and Technology. May 2016; 19(1): 111-114.	NO	To Study of Incidence and Pattern of Anaemia in Patients with Non-Haematological Malignancies.
Pathology	Dr.Saranya. B	1. Dr.C..Mythili, Dr.B.Saranya, Immuno histo chemical markers in salivary gland tumors, IOSR Journal of Dental and Medical Sciences, Sep 2017, Vol 16(9), Ver. IV, 55-6	NO	1.To evaluate the myoepithelial marker p63 in various salivary gland tumor. 2.To study the expression of various IHC markers- CK,CD 117,Her2/neu ,Ki67 in salivary gland tumors.
		2. Dr.Shobana, Dr.B.Saranya, Comparison of conventional Papanicolaou smear and Liquid Based Cytology for cervical cancer screening, International Journal of Scientific study, March 2018, Vol 6 (12), 1-10	NO	To compare LBC with Conventional PAP smear for cervical cancer screening
		3. Dr.B.Saranya,Dr.C.Mythili, Comparison of Conventional PAP smear and Liquid Based Cytology for cervical cancer screening and its correlation with Biopsy, Indian Journal of applied Research, May 2020, Vol 10 (5), 56-64	NO	To compare LBC with Conventional PAP smear for cervical cancer screening and to correlate with the biopsy obtained from the same patient
		4.Dr.B.Saranya, Dr.Tamilselvi Ramachandran, Dr.M.Roopmala, Comparison of three manual platelet count estimating methodologies in peripheral blood smear and their correlation with Automated platelet count values, Indian Journal of applied Research, June, 2020, Vol 10 (6), 1-4.	NO	To compare the traditional counting methods done by Malok.M et al and umarani.Mk et al and to correlate the values obtained by these methods with the platelet value of automated platelet counter.
