

List of publications from 2011

Department of Physiology

1. Babitha, R. (2011). Pulmonary Function Tests in Air Conditioner Users: Journal of Clinical and Diagnostic Research, 5(3), 532-535.
2. Babitha, R. (2011). Effect of air conditioner environment on pulmonary function tests in female employees: National Journal of Basic Medical Sciences, 2(2), 130-32.
3. Niruba, R. Maruthy, K N. (2011). Glycosylated Hemoglobin Verses reaction time in diabetics: A cross sectional study: National Journal of Basic Medical Sciences,1(4),198-201.
4. Niruba, R. Maruthy, K.N. (2011).Assessment of Auditory and Visual reaction time 2 diabetics-A case control study: Al Ameen journal of Medical science, 4(3),274-279.
5. Niruba, R. (2011).Correlation between serum triacylglycerol and liver enzymes (SGOT, SGPT): Biomedicine, 31(3), 360-363.
6. Babitha, R. (2013). Role of Speech associated gestures of the teacher in Medical education- a comparative study: National Journal of Clinical Anatomy, 2(3), 150-57.
7. Niruba,R. (2013). Correlation between systolic blood pressure and CFF: National journal of Physiology, 1 (1), 11-14.
8. Niruba, R. (2014). Assessment of Arterial stiffness among middle aged offspring of Diabetic parents: International Journal of Current Research Review,6 (24), 31-34.
9. Babitha, R. (2016). Anisocytosis in peripheral smear as a tool for screening Dyslipidemia in the community: Indian Journal of Basic and Applied Medical Research,5 (2), 330-337.
10. Babitha, R. (2016). Impact of waist circumference on red blood cells size in obese adults: International Journal of Research in Medical Sciences, 4(8), 3449-3454.
11. Niruba,R. (2016). Correlation between BMI and arterial stiffness in middle aged subjects: International Journal of Current Research Review, 8(6), 14-17.
12. Babitha, R. (2017). Anisocytosis in hyperglycemic patients - why is it important? : International Journal of Physiology, 5(2), 52-57.
13. Niruba, R. (2017). Correlation between BMI and arterial stiffness among middle aged off springs of diabetic parents: International Journal of Physiology, 5(2), 33-36.
14. Niruba, R. (2017). Correlation between CFF and HbA_{1c} among type 2 diabetic subjects: Indian journal of clinical anatomy and physiology, 4 (2), 190-191.
15. Babitha, R. (2018). Comparison of Anisocytosis between Active and Passive Smokers: Journal of Medical Science and Clinical Research, 6 (12), 259 - 262.
16. Niruba, R. (2018). Assessment of regional body fat and body mass index with glycemc status in the middle aged offspring of type 2 diabetic parents - A cross sectional study : National journal of Physiology Pharmacy and Pharmacology, 8 (9), 1326 -1329.
17. Bharathi,C. (2019).Correlation between PEFR and regional body fat in the middle aged male subjects – A cross sectional study: Indian Journal Of Clinical Anatomy And Physiology, 6(3), 287-290.
18. Babitha,R.(2020). The SemmesWeinstein monofilament examination as a single effective screening tool in diagnosing diabetic peripheral neuropathy when compared to vibration perception threshold: National Journal of Physiology Pharmacy and Pharmacology,10(05),419-422.
19. Babitha,R. (2020). Diagnostic efficiency of vibratip in detecting diabetic peripheral neuropathy: MedPulse International Journal of Physiology, 13(3), 33 - 36.
20. Fear of Covid-19 And Its Associated Factors Among Adults In South India: A Cross-Sectional Study, Vijayalakshmi I 1, R.Niruba2, K.C.Subha3*, Panneerselvam Periasamy et al, Journal of Pharmaceutical Negative Results, Volume 13/ Special Issue/ 2022.
21. Analysis of Anxiety subjective well being and quality of life of Medical students during COVID -19 lock down in Erode, Tamilnadu- A cross sectional study”, Apollo Medicine. **(Accepted)**,
22. Dr.T.Hema. A study of post COVID sequelae among COVID - 19 patients - An observational study .International journal of Academic Medicine and Pharmacy.
23. Dr.C.Bharathi. Assessing the effectiveness of Toronto clinical neuropathy score in diagnosing diabetic peripheral neuropathy - descriptive comparative study. **(Accepted)**.
